

PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., FRIDAY, SEPTEMBER 18, 1896.

ONE CENT.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mrs. W. G. Bloom of Cincinnati is on a visit to friends in this city.

Mrs. Bettie Byrne of Cincinnati is visiting Mrs. Holt Richeon of this city.

Miss Alice Dobey has gone to Birmingham, Ala., where she will attend school this winter.

Miss Maggie Burrows left this morning for Jellico, Tenn., where she has a lucrative position.

Mrs. John Hettich of Covington returned home yesterday after a visit to Mrs. H. B. Daugherty.

Mr. Smith Clark and wife and Miss Mabel Ball of Millersburg are visiting the family of Mr. John T. Parker.

Mrs. James Poage of this county is in Iron-ton, being called there on account of the critical illness of her sister, Miss Hattie Jones.

Mrs. T. Gordon Gilmore of Augusta, with her lovely little daughter Edna Webster, were guests of the family of Mr. R. Gilmore Wednesday.

Mrs. Charles Latimer and little daughter Ethel left yesterday for their home at Allegheny, Pa., after a visit to Mr. and Mrs. Robert Bliss.

TAKE CARE OF THAT GOLD.
Twenty-five cents' worth of Jay's Grip Tablets will cure; guaranteed by Pecor, druggist.

James E. Ringo of Dover gets a pension.

The next session of the Grand Lodge of Kentucky, K. P., will be held at Frankfort.

Mr. C. Burgess Taylor of this city has been elected Vice-President of the Kentucky Democratic League for the Ninth District.

The Republican Executive Committee of the Eleventh Congressional District met at Williamsburg to settle the contest between D. G. Colson and John D. White for nomination to Congress. White failed to file any proof, and the contest was dismissed. White has taken the matter into court.

TO CURE A COLD IN ONE DAY.
Take laudative Bruno Quintine Tablets. All drugists return the money if it fails to cure. 25¢.

Colonel J. W. Chambers, President of the Maysville Telephone Company, after an absence of several weeks on business, returned yesterday afternoon. The work will now be put through on the double-quick, and it is thought the system will be in operation inside of two weeks.

On account of the deaths of Mr. James Barbour and Mrs. Robert A. Cochran the Bank of Maysville will open Saturday morning at 8 o'clock and close at 10 o'clock and remain closed the remainder of the day. Parties having pay-rolls and other necessary business are requested to observe these hours.

R. K. HOELPFLICK, Teller.

September 18th, 1896.

Mr. F. C. Petry, the cigar manufacturer of this city, a lifelong Democrat, sold to Colonel Lee Harbaugh of Fostoria, O., a big bill of cigars to be paid for when McKinley carries Kentucky. If he fails to do so the cigars do not cost Harbaugh a cent. The brand of cigars sold is the same that has been carried by the firm for years, and it was a straight deal, no wager or anything of that character being made.

The profits of the lunch given by the ladies of the M. E. Church on Tuesday were \$25. An incident of the occasion was the circumstance of a young man from Brooklyn comprising a brass hand and also members of a young people's religious society entering in a crowd and filling an entire table, their leader saying grace. They were offered one of the Sunday-school rooms for their headquarters. Delightful music was repeatedly discoursed during the day.

HALF AND HALF.

That's the Way the Democrats Will Divide in Lewis.

The Sound Money Democrats have entered upon an active campaign in Lewis county.

A poll of the county has been taken, and out of 1,200 Democratic votes cast last fall 500 are for Palmer and Buckner. Hon. George T. Alber will stamp the county during the next three or four weeks.

Hon. Helm Bruce of Louisville spoke to a large audience in the Courthouse at Vanceburg Wednesday night.

Mr. Alber says that the National Democratic ticket will poll as many votes as Bryan in the county.

ANOTHER CITIZEN CALLED.

Death of Hon. James Barbour at Clifton Springs, N. Y.

Telegrams were received this morning from Clifton Springs, N. Y., announcing the death at that place last evening of the Hon. James Barbour of this city.

Mr. Barbour had been in failing health for some months, and on the 1st of September had gone to Clifton Springs in hopes of finding relief.

His death has removed one of the most active, intelligent and useful men who ever gave his time and talents for the good of the community in which he made his home.

He was born in Danville December 20th,

1820, and in 1850-51 he served as Auditor of the State of Kentucky by appointment of Governor Helm.

During his official term his superior financial abilities attracted attention of the officers of the Bank of Kentucky, and they voluntarily promised him the first vacant Cashiership that occurred in their chain of Branch Banks.

The first vacancy was in this city, and in August 1852 he came here and assumed his duties as Cashier of the Branch Bank of Kentucky, remaining in that position until the Branch was withdrawn in 1871.

He then organized the Bank of Maysville, with the late A. M. January President, and on the death of Mr. January he became the head of that institution.

In all, he had been for nearly 45 years engaged in banking in this city, and he was probably the oldest banker in the state.

Brief and imperfect as this sketch must necessarily be, it would be inexcusable to omit mention of two great enterprises, the success of which is almost wholly due to his efforts—the Maysville and Lexington Railroad and the Maysville Water Works.

He was the chief instrument in reviving the former enterprise and prosecuting it to completion; and had his advice been followed the people of our city and county would today have owned and controlled the road.

Surviving him are two sons—Mr. J. Foster Barbour, Cashier of the Bank of Maysville, and the Rev. John Barbour of Birmingham, Ala.

Mr. Barbour had been a life-long and zealous member of the Presbyterian Church, and had been an Oddfellow for more than half a century, and the funeral will take place under the auspices of that Order at the First Presbyterian Church at 4 o'clock Sunday afternoon, with services by the Rev. John S. Hays, D. D.

Monday morning the remains will be taken to Danville and laid to rest beside those of his beloved wife, who preceded him on the 23rd of July last.

W. H. Woods, Judge of the Lawrence County Court, was robbed by a pickpocket at the Bryan meeting at Lexington. He lost about \$700.

Colonel W. Lukes, a citizen of this city will be the Delegate from the Ninth District to the meeting of the National Association of Democratic Clubs, which will be held at St. Louis October 3d.

FOUND DEAD.

Jo. Layham Died in the Fifth Ward Last Night.

Jo. Layham, residing in the Fifth Ward, was found dead in bed this morning.

He was an employee of the Maysville Cotton Mills, and had worked up to yesterday evening.

CENTENNIAL CELEBRATION.

Washington Presbyterian Church Has Passed the Century Mark.

The Presbytery of Ebenezer, at its last meeting in Catlettsburg, selected Washington as the next place of meeting.

Seats had been arranged and the barn decorated with flags, bunting and pictures, so that it presented a very pretty appearance.

The ladies of the neighborhood had taken the trouble to have an organ upon a stand erected for that purpose and arranged a short program of music with which to intersperse the meeting, and to those acquainted with the ladies of Island Creek it is unnecessary to say that their part of the meeting was a grand success.

The Manchester McKinley and Hobart Drum Corps was there and added materially to the success of the meeting with its bands of three generations, after worshiping in several houses, the organization at that place, under the leadership of Rev. W. T. Spears and several godly, consecrated men and women, finds itself in a most prosperous condition, and bids fair to be celebrated to several of the 100 marks of time.

On every hand could be seen evidences of the consecration of the people of Washington to God's service.

At the morning session of the Presbytery the history of the Church, from its very inception up to the present time, was read, which was an elaborate paper and showed how well the historian had done his part toward making the celebration a success.

After the reading of the history of the Church, which occupied about an hour, Rev. F. V. Ramsey then spoke for an hour and twenty minutes on "Calvinism in History," which was a grand treat in itself. He began with what Calvinism was and a few of the doctrines it represented and then proceeded to show what it had accomplished toward making the history of the world complete. It was a masterly address and was well received by the large congregation.

Rev. Mr. Renick, the Moderator, then announced that the dinner hour had arrived (1:30) and that he was informed that there was a brother in the audience who had something to say, whereupon Rev. Spears gave the invitation to dinner. It was spread out upon the lawn in front of the Church, and the hard times never struck Washington, as it would have been impossible for such a dinner to have been spread had the prevailing times in this city been the fashion at Washington. It seemed as though every one in that historic town had tried to outdo each other in preparing something for the dinner, and by the time all were through donating and cooking there was enough to feed an army. The tables were piled high with everything that is good to eat, there being enough left to enable the ladies of the Church to set supper, and then they had enough left to give a large basketful to every poor family in Washington.

Washington was indeed a picture, and the food was delicious, the people being very sociable and friendly.

After the dinner the Presbytery adjourned to the hall of the Maysville Hotel.

OVER IN OHIO.

THE CAMPAIGN PROGRESSING IN OLD ADAMS COUNTY.

Manchester Signal.

The meeting on Island Creek last Saturday night surpassed the expectations of the most sanguine as to numbers, enthusiasm and everything that goes to make a successful political meeting.

The large tobacco barn belonging to the Kirkpatrick Brothers, about half a mile above the bridge, had been prepared for the meeting. Seats had been arranged and the barn decorated with flags, bunting and pictures, so that it presented a very pretty appearance.

The ladies of the neighborhood had taken the trouble to have an organ upon a stand erected for that purpose and arranged a short program of music with which to intersperse the meeting, and to those acquainted with the ladies of Island Creek it is unnecessary to say that their part of the meeting was a grand success.

WE'RE FOR AMERICA & AMERICANS!

"I believe that it is a good deal easier to open up the mines of the United States to the labor of Americans than to open up the mines of the United States to the silver of the world." —WILLIAM MCKINLEY.

When we part with our labor, our products, or our property, we should receive in return money which is as stable and unchanging in value as the ingenuity of honest men can make it.—WILLIAM MCKINLEY.

"CORN" HARVEY is said to have an interest in a silver mine, which may account for his zeal in behalf of BRYAN.

In Maine the Republican majority at Bath, which is SEWALL's home, was 782, a gain of 375. This is the largest plurality ever given in Bath.

A PROMINENT member of the Republican State Central Committee in Ohio estimates that MCKINLEY's majority in that state will be at least 150,000.

It must have been evident to every one who heard his attempt at speech making in this city on Tuesday evening that the Hon. WILLIAM JENNINGS BRYAN was suffering from the effects of free and unlimited coining of wind.

The War Democrats helped to save the Union and Democratic soldiers were a powerful element in the Union armies. When the National safety and honor are assailed the Democratic party divides, and, judging from past history, the patriotic end of it comes out on top.

HON. J. B. WILHOIT, the newly-chosen Republican Elector for this District, is a brother of the Hon. E. B. WILHOIT, Democratic County Attorney of Carter county, who is the Sound Money Democratic Elector for this District. Well, what these brothers will do to BRYAN will be more than a plenty!

The Courier-Journal says Senator BLACKBURN, when asked Monday night by a reporter what he thought of Maine's big Republican plurality, replied, with characteristic chaste ness of language: "It's a damned lie." As that is the conclusive manner in which the Senator has demolished all arguments and facts that do not suit him Maine's Republican plurality will please consider itself demolished.

AN Augusta Jeweler is trying to hoodwink people with this sort of an advertisement:

"GOOD TIMES will come after the election and the price of everything will go up. So if you want a good timepiece you had better go to . . . the Jeweler, and get one now, while they are so cheap."

Now, if that man believes what he says, he will hold on to his watches for 48 days longer, at the end of which time he says the price will go up. No sane man will sell his wares when he believes the price will advance within so short a time.

The Mexican workingman, his hours of labor, his wages, the cost of his living and his environment are the subjects that will receive the special attention of these two labor representatives. Their report will be looked for with much interest.

"DOING SOMETHING FOR SILVER!"

Before Silver Was "Struck" Since Silver Was "Struck" Down" in 1873—

The United States had coined 8,031,238 silver dollars since 1792—a period of eighty years.

The United States had coined \$135,782,360.70 in subsidiary silver—in a period of eighty years.

The annual silver product of the United States was 27,650,000 ounces.

The annual silver product of the world was about 64,000,000 ounces.

During 1896, up to September 1st, the Government of the United States has coined 11,212,412 full legal tender silver dollars.

It has in the past eight months coined \$3,181,174 more silver than was coined from the foundation of the Government down to 1873, and is even now coining silver at the rate of \$2,700,000 per month.

And yet people are asked to believe that there is a conspiracy to strike down silver, and that hard times have come because the Government has refused since 1873 to give the country enough of the white metal.

POWDERY POUNDS POPS.

SPEECH OF THE GREAT LABOR LEADER IN NEW YORK.

It is an assured fact that Secretary CARLISLE will come to Kentucky and take the stump in behalf of Sound Money and the National Democracy. The leaders of the Palmer and Buckner campaign have received private advice from Mr. CARLISLE, in which he has expressed not only his willingness but his desire to take part in the campaign in Kentucky.

THE way to find out the exact truth is to investigate—to go and see for one's self. And that the workingmen of this country may know the exact status of his fellow-workingman in that country, Messrs. PAUL J. MAAS and PATRICK ENRIGHT have left Chicago for Mexico on a mission that will be fraught with special interest to every laboring man in the United States.

The two men go as the representatives of the Chicago Trades and Labor Assembly for the purpose of making a thorough and impartial investigation of the economic conditions which prevail in Mexico.

They are to find for themselves, without any suggestions from the organization they represent or from any other sources, the true status of the workingman in a free silver country.

The information they may gain and the conclusions they will form will be submitted in a report to the Trades and Labor Assembly as soon as they return to Chicago, which will be about October 1st.

The Mexican workingman, his hours of labor, his wages, the cost of his living and his environment are the subjects that will receive the special attention of these two labor representatives. Their report will be looked for with much interest.

Down" in 1873—

The United States has coined 433,000,000 full legal tender silver dollars—or fifty-three times as many silver dollars in twenty-three years as had been coined before in eighty years.

The United States has coined \$85,894,779.40 in subsidiary silver, besides \$35,965,924 in trade dollars.

The annual silver product of the United States has increased to 56,000,000 ounces in 1895.

The annual silver product of the world has increased to 174,796,875 ounces in 1895.
